

☆ VIDEO UPLOAD SPECIFICATIONS FOR EMMY® AWARD SUBMISSIONS:

The following is the suggested format for video uploads as part of the Emmy® submission process.

Please note that the file you upload is the same file that will stream to judges. In this manner, you can be certain that the file you provide will be the same quality as seen by the judges.

Files meeting the specification below can be output from most non-linear editing systems.

Another option is to utilize special transcoding software. We recommend utilizing the free tool “Handbrake” (<http://handbrake.fr/>). Instructions for usage and a template are available online at the Emmy® submission site.

If you have any questions or concerns about the technical creation of these files, please contact [emmysupport@yangaroo.com](mailto:emmysupport@yangaroo.com)

Container: .mp4

(Please enable “Fast Start” if that option is available to you)

Audio Codec: AAC-LC or AAC

Channels: Stereo or Dual Channel Mono (Please mixdown 5.1 to 2 channel stereo)
